

Texas Commission on Environmental Quality

Exemption §106.353 Checklist (Previously Standard Exemption 67)

Temporary Oil/Gas Equipment

The following checklist has been developed so you and the Texas Commission on Environmental Quality (TCEQ) staff can confirm that Exemption §106.353, previously standard exemption (STDX) 67, requirements are met. Please answer all questions. You must meet all the requirements to operate the facility under Exemption §106.353, previously standard exemption 67. **Any "no" answers indicate inability to meet all requirements of Exemption §106.353, previously standard exemption 67.** If you do not meet all the requirements, you must obtain a construction permit in accordance with §116.110 before you begin construction, or alter the facility design/package in such a way that all the requirements of the exemption are met.

<u>YES</u>	<u>NO</u>	<u>NA</u>	<u>PART</u>	<u>DESCRIPTION</u>
—	—	—		Have you confirmed that you meet the general requirements for the use of exemptions as listed in §106.4 (see checklist)?
—	—	—	a)	Will the equipment installed and operated under §106.353, previously STDX 67 be used for a period of ninety (90) operating days or less to test the content of a subsurface stratum believed to contain oil or gas and/or establish the proper design of a permanent fluid-handling facility?
—	—	—	b)	Will all sour gas produced during this test period be burned in a smokeless flare which meets the requirements of conditions (a)(4), (b)(1), and (b)(3) of §106.492, previously STDX 80? Attach a description.
—	—	—	c)	Are total emissions of sulfur compounds, excluding sulfur oxides, but including hydrogen sulfide, less than 4.0 pounds per hour? Attach calculations.
—	—	—	c)	Does the height of each vent emitting sulfur compounds meet or exceed the minimum vent height stated in §106.352, previously STDX 66(d)? Attach calculated H ₂ S emissions estimate and list appropriate §106.352, previously STDX 66(d) minimum stack height.
—	—	—	d)	Do you understand that operation of this facility under §106.353, previously STDX 67 beyond 90 operating days requires such operation to be fully authorized under another exemption or be permitted under §116.110?
